

# Sewist In-the-Hoop Applique

Sewist is a fun and easy in-the-hoop machine embroidery project, great as a table topper that can hang on the Acfeldwire 14" x 14" table stand (#34777) or would also make a beautiful pillow. The easy to follow all-color pattern includes directions for the quilt in three colorways, a full size layout diagram, reversed templates, plus the download code for the SVG cut files and in-the-hoop machine embroidery for the appliques in two styles, a blanket and a satin stitch finished edge in the following formats: ART, DST, EXP, HUS, PCS, PES, SEW, SHV, VIP, VP3, XXX; requires a hoop with a minimum stitch field of at least 260mm x 400mm (BERNINA Jumbo hoop). Cover quilt features Cherry's Words To Quilt By fabric for Contempo Studio of Benartex. Finished size: 14" x 14"
